## ABOUT THE PROGRAM

The Young Supply Chain (YSC) Leadership Program is an initiative that is driven to raise the profile and potential of young supply chain professionals - those below 35 years old and aspiring for leadership positions or are aspiring entrepreneurs with interest to grow their knowledge in the supply chain and logistics sector.

This program combines practical workshop, combined with personal coaching as well a Study Tour that will facilitate networking with fellow professionals in other countries.

YSC Leadership Program combines 3 contents:

- 3 days Supply Chain Transformation Workshop (run in partnership with SMU Academy)
- 2 days personal coaching
- 5 days Study Tour

Participants to the program can expect extensive networking support and engagement from Supply Chain Asia network of professionals and corporations.

## ABOUT SUPPLY CHAIN ASIA

SupplyChain Asia is a not-for-profit professional body that aims to bring professionals from within the logistics and supply chain industry together to share knowledge, learn from one another and create opportunities for collaborations.

The three main focus of SCA are connecting people from various sectors of the industry, encouraging communication amongst professionals and creating opportunities for collaborations. The four main pillars of the organisations are memberships, events, academy and publication.

SCA holds various events annually to provide networking and learning opportunities for the community. The organisation also provides training courses in the area of logistics and SCM, equipping attendees with skills that are applicable to the real working scenarios in the industry. As for membership, SCA aims to foster a close-knit community that continues to better itself by leveraging on SCA's platform and services.

SCA has its own annual print publication – the Supply Chain Asia Magazine – which is published during its annual Awards celebration in October every year.
